Dear Customer,

MEN announces the sales and production stop of the following product:

15MM50-01 – MM50, 400 MHz, 256 MB, -40..+85°C, w. housing

You can order this product until

February 1, 2018

Last time delivery is on May 1, 2018.

We will be happy to support you in assessing your options to complete existing projects using your current designs or shift future designs to one of our other solutions.

Previous agreements which have been made individually regarding this product may not be affected by the discontinuation. Please contact us in case of doubt.

Your responsible sales representative will assist you in taking all the necessary steps to reduce any inconvenience caused by this termination.

For further information please contact your sales representative. You will find the appropriate contact information in the email sent with this letter.

Many thanks for your cooperation!
